This suit was referred to B. F. Curler, appointed by the Court on March 12, 1928, as Special Master in Chancery, to take testimony in the suit and report to the Court "as to conclusions of fact and of law and as to the form and substance of the decree to be entered." Testimony was thereafter taken by said Special Master and documentary evidence received. Before the completion of the taking of testimony said B. F. Curler resigned and Robert M. Price was appointed by the Court Special Master in his stead with like instructions and powers as those given to said B. F. Curler. Upon the appointment and qualification of said Robert M. Price as Special Master, further hearings were had USBWC8

and on July 24, 1931, submitted for decision. The Special Master -1 thereupon prepared and submitted to the attorneys for the several 2 parties to the suit, a proposed report, findings of fact and con-3 clusions of law and decree, for the purpose of enabling corrections of descriptions and in other minor matters to be made. There-5 after the cause was, at the request of the attorneys for the sev-6 7 eral parties, reopened for the presentation of further evidence respecting other rights than those which had been determined in 8 Ç the proposed decree and further hearings were had and evidence, oral and documentary, presented. Thereafter the cause was further 10 argued by counsel, corrections in and additions to the proposed 11 decree were made and the cause again submitted to the Special 12 The Special Master thereupon made his report to the Court, 13 submitting proposed findings of fact, conclusions of law and de-14 cree. Objections having been made thereto by several parties to 15 the suit, the Court ordered a hearing at Carson City, Nevada, on 16 May 22, 1933, at which hearing arguments were presented at length 17 18 by the attorneys representing the several parties to the suit and the cause was submitted to the Court for decision. The Court, on 19 May 27, 1933, referred the matter to the Special Master to take 20 further testimony respecting claimed rights of certain parties. 21 Thereupon further hearings were had and redrafted findings of 22 fact, conclusions of law and decree were submitted to the Court. 23 The Court thereafter rendered an opinion upon the questions of 24 law involved in the suit and re-referred the matter to the Special 25 Master for redrafting of the findings of fact, conclusions of law 26 and decree. The Special Master, pursuant to the direction of the 27 Court, resubmitted to the Court and to the attorneys for the sev-28 to the suit eral parties/redrafted proposed findings of fact, conclusions of 29 law and decree. Objections to the same were filed and argued 30

before the Court in San Francisco, California, and finally submitted on January 10, 1936. The Court, having considered the
arguments of counsel and the evidence and having made its findings
of fact and conclusions of law, orders, adjudges and decrees as
follows:

. .

RIGHTS OF THE UNITED STATES OF AMERICA

I. The plaintiff, United States of America, is hereby adjudged to be the owner of the several rights acquired by appropriation in and to the waters of Walker River for use upon Walker River Indian Reservation in the State of Nevada as set forth in the following tabulation, which shows in columns reading from left to right the years in which the several rights of appropriation accrued, the amounts of water expressed in cubic feet per second at the point of diversion acquired in such years respectively, and the number of acres irrigated under such appropriations.

17	Priority	Cu.Ft.per Sec.	Acres irrigated
18	1868	4.70	385.95
19	1872	3.55	295.80

RIGHTS OF DEFENDANTS RECOGNIZED IN DECREE NO. 731.

II. The parties defendant to this suit, or their successors in interest, hereinafter in this paragraph II. mentioned, whose rights were adjudicated for them, or their predecessors in interest, in the decree of this Court in the suit entitled, "Pacific Livestock Company, a corporation, Plaintiff, vs. T. B.

Rickey, et al, Defendants" in Equity No. 731, are hereby severally

adjudged to be the owners of certain rights acquired by appr. priation in and to the waters of Walker River and/or its tributaries and are hereby decreed the rights as appropriators as set forth in the following tabulation, which gives in separate columns reading from left to right the name of the present owner of an existing right, the name of the stream from which the appropriation was made, the year when the right of appropriation accrued, the amount of water expressed in cubic feet per second to the use of which the owner is entitled at the point of diversion, the number of acres irrigated by such water and the description of the land to which the appropriated waters have been conducted or applied to a beneficial use. All of the land below described is situated in townships north and ranges east of Mount Diablo Base and Meridian and the designation "M. D. B. & M." is made a part of each description of land as fully as if specifically set forth. Where the number of acres described under the several priorities is in excess of the number of acres irrigated, it is understood that the number of acres irrigated are included in the specific description of the land and that the land to be irrigated from the several priorities is the number of acres specifically set forth under "No. of acres irrigated". RIGHTS OF WALKER RIVER IRRIGATION DISTRICT

Walker River Irrigation District, a corporation, is hereby adjudged to be the owner of the flow and use of the flood water of East Walker River and its tributaries for storage in Bridgeport Reservoir situated on the East Walker River, to the amount of forty-two thousand acre feet, such water to be diverted from said river and stored in said reservoir from the first of November to the first of March of each season irrespective of the rights and priorities hereby adjudged and also the right to divert and store at any time an excess of forty-two

thousand acre feet up to fifty-seven thousand acre feet when # there is in the river a quantity of water in excess of the total amount adjudicated to the parties hereto to the extent of such excess, but water shall not be stored in said reservoir so as to deprive the parties hereto including the plaintiff and its assigns of stock water or water for domestic purposes. And said Walker River Irrigation District is hereby adjudged to be the owner of the flow and use of flood water of West Walker River and its tributaries for storage in Topaz Lake Reservoir situated near West Walker River, to the amount of fifty thousand acre feet,

Ş

such water to be diverted and stored in said reservoir from the first of November to the first of March of each season irrespect-ive of the rights and priorities hereby adjudged and also the right to divert and store at any time an excess of fifty thousand acre feet up to eighty-five thousand acre feet when there is in the river a quantity of water in excess of the total amount adjudicated to the parties hereto to the extent of such excess, but water shall not be stored in said reservoir so as to deprive the parties hereto including the plaintiff and its assigns of stock water or water for domestic purposes.

Walker River Irrigation District is also adjudged to be the owner and entitled to the use of the flood and unappropriated waters of East Walker River and West Walker River and their tributaries under applications for permits for the use of water made to the State Water Commission of the State of California, as follows:

- (a) Fifteen thousand acre feet per annum of the flood and unappropriated waters of East Walker River for storage in Bridgeport Reservoir, or so much thereof as can be beneficially used, being the excess over the present capacity of said reservoir and the amount allowed under permit No. 2536 of said Commission approved June 18, 1926.
- (b) Thirty-five thousand acre feet per annum of the flood and unappropriated water of West Walker River and its tributaries for storage in Topaz Lake Reservoir, or so much thereof as can be beneficially used, being the excess over the present capacity of said reservoir and the amount allowed under permit No. 2537 of said Commission approved June 18, 1926.
- (c) Two hundred acre feet per annum of the waters of an unnamed stream flowing into Topaz Lake Reservoir, formerly Alkali

USBWC 66

Lake, for storage in said reservoir, or so much thereof as can be beneficially used, under permit No. 2538 of said Commission approved June 18, 1926.

Ü

- (d) Thirty-five thousand acre feet per annum of the waters of West Walker River and its tributaries for storage in a reservoir to be constructed in Leavitt Meadows, or so much thereof as can be beneficially used, under permit No. 2534 of said Commission approved June 18, 1926.
- (e) One hundred fifteen thousand acre feet per annum of the waters of West Walker River and its tributaries for storage in a reservoir to be constructed in Pickle Meadows, or so much thereof as can be beneficially used, under permit No. 2535 of said Commission approved June 18, 1926.

All of such rights under said permits issued by the State Water Commission of the State of California shall be subject to vested prior rights, subject also to final action upon said permits by said Commission.

Said Walker River Irrigation District may distribute such water so stored in said reservoirs to the lands in the District entitled thereto, in accordance with their respective rights.

IX. The claimants under the following applications made to the State Engineer of Nevada for permits to appropriate the waters of Walker River and its tributaries are adjudged to be the owners and entitled to the use of such waters as shown in the following schedule which sets forth the name of the applicant, the name of the stream from which the water is to be diverted, the number of the application, the amount of water applied for in cubic feet per second, the number of acres to be irrigated, a description of the land in which the amount of land to be irrigated.

XIII. Nothing herein shall affect the right of any of the parties hereto to rotate the use of water, or to combine or exchange the use thereof, so far as they may do so without injuriously affecting the rights of any of the other parties hereto, and the Water Master, hereinafter mentioned, may permit the said parties to rotate the use of said water or to combine or exchange the use thereof, having due regard to the priorities herein fixed, so far as the same may be done without injuriously affecting the rights of the other parties to this suit.

29

30 XIV. The Court retains jurisdiction of this cause for

the purpose of changing the duty of water or for correcting or modifying this decree; also for regulatory purposes, including a change of the place of use of any water user, but no water shall be sold or delivered outside of the basin of the Walker River except that appurtenant to the lands of Mrs. J. A. Conway and R. P. Conway referred to in the foregoing tabulation.

The Court shall hereafter make such regulations as to notice and form or substance of any applications for change or modification of this decree, or for change of place or manner of use of water as it may deem necessary.

The owner of each ditch or canal herein authorized to divert water from the Walker River or its tributaries shall at his or its own expense install and at all times maintain at or near the intake of such ditch or canal, a reliable, sufficient and easily operated regulating headgate and a locking measuring box, flume or other device to be approved by the Water Master, whereby the water diverted into such ditch or canal may be regulated and correctly measured. Upon failure of any owner of such ditch or canal to install such regulating, locking and measuring device on or before the first day of May, 1937, or at such earlier date as may be fixed or demanded by the Water Master, upon ten days' notice, or to maintain such regulating, locking or measuring device, the Water Master shall cut off the water from such ditch or canal until the same shall be so installed and maintained.

Q

XV. The Court, whenever it shall deem it necessary, shall appoint a Water Master, who shall be charged with the duty of apportioning and distributing the waters of the Walker River, its forks and tributaries in the State of Nevada and in the State

of California, including water for storage and stored water, in accordance with the provisions of this decree. The said Water Master shall serve until the further order of this Court and may be removed by the Court at any time. The Water Master shall have authority to appoint deputies to assist him. Upon application to the Court he may employ such additional assistants as the circumstances may require. The said Water Master shall receive an annual salary of \$, payable in monthly installments of \$. The compensation of his assistants shall be fixed by the Court from time to time. The said Water Master also shall be authorized to rent, furnish and maintain an office for his use and to incur necessary expenses for transportation of himself and his assistants and for other proper purposes, all of which shall be reported to and be approved by the Court twice yearly, that is to say, on the first day of May and the first day of November in each year.

The compensation of the Water Master and his assistants and all expenses connected with his employment shall be apportioned among the several parties hereto, both in the State of Nevada and in the State of California, according to the acreage of the lands irrigated under this decree, including stored water and the Court reserves jurisdiction to hereafter enter judgment for any unpaid portion of said expenses and to make and enforce such regulations for the collection of said money as may be necessary and proper.

The said Water Master, with the approval of the Court, may make such rules as may be necessary and proper for the enforcement of this decree and for the carrying out of its purposes and objects and the proper apportionment and distribution, including rotation of the use of water where necessary, of the waters

of said Walker River among and to the persons entitled thereto, Ż including water for storage and stored water. 3 4 XVI. The irrigation season along the Walker River, its branches and its tributaries, extends from the first day of 5 March to the thirtieth day of September of each year, except that 6 in Bridgeport Valley on the East Walker River and at all points 7 above Coleville Gauging Station on the West Walker River the 8 irrigating season covers the period from March first to September 9 fifteenth of each year. 10 11 12 XVII. Each of the parties to this suit shall severally pay their costs therein expended. 13 14 15 XVIII. The Special Masters, B. F. Curler and Robert M. Price, heretofore appointed by the Court "to take the evidence 16 and testimony herein, and to report the same to the Court with 17 his recommendations for the advice of the Court as to conclusions 18 of fact and of law, and as to the form and substance of the de-19 cree to be entered" shall be paid for their several services by 20 the United States of America, such sums respectively as the Court 21 shall hereafter order. 22 DONE IN OPEN COURT this /4 day of About, 1936. 23 24 25 26 27 28 29
