Jason King
NV

Dear King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

It is not in Nevada's best interest to transport water from the Great Basin to Nevada. Any short term gains will be exponential losses to Nevada in the future. Please say no to this project for the future of Nevada.

I urge you to deny the applications filed by the Southern Nevada Water Authority and support the best interests of all of Nevada.

Sincerely,

Mrs. Rachel Palacio
7127 Coldwater St
Sparks, NV 89436-8191
